- practice Tuesday night as usual
- Andrea will arrange a special extra practice for final Annual Concert polishing either Sat 11th or Sunday 12th Sept – choice to be advised
- Paul Green has agreed to take over as Warble editor. Committee members will put their notes to Paul to distribute the Warble on Thursday nights as usual regarding gig and choir related information. Paul will kick off from next Thursday. Many thanks Paul.
- Annual Concert 18th Sept. Tickets have been produced so you can put your orders in to Des or Paul in exchange for the folding stuff from now on. Please ensure that you are distributing the posters to promote our big event.
- Note the THREE AWM gigs on successive Wednesdays above coming up soon. Please check the gig sheets to participate in these events.
- Also consider the South Coast weekend gigs on 16-17 October at Moruya and Eden. Wal Cooper is coordinating matters on these fronts with Ken McInnis so further information will be available soon. Again, put your name on one or other or both gigs. The Moruya gig needs total numbers attending to be notified by 14th Sept so please try and attend to this soon.
- Communication is underway with London to confirm our participation in the 2012 Alexandria Palace concert. Rick Dresser will be arranging a meeting soon for interested members to create an organizing committee to include more members.
- An initial survey question to gauge members' views regarding possible change(s) to our uniform is being drafted for the next committee meeting to consider before putting it to the membership.
- Andrea is keen to offer another **Petrified Performance** opportunity for members. Graeme Trompf has been asked to organise this again. It is hoped to offer this opportunity before the end of the year for interested members prepared to embrace a challenge. Probably after all our upcoming major gigs and our Annual Dinner, so after 19th November. Watch this space.
- Confirmation about exactly when during the weekend of 30-31 October regarding Alpha Gregory's final practice session before the Sydney concert is being currently sought. I expect details will be available next week.
- Keep up the practice lads. Not long to our two big concerts.

Regards

Neil
