

Warble News 30 December 2010

Season compliments to all and a health update on some choir members.

From Graeme Trompf

David Lazarus has spent Christmas in hospital with eye, leg and chest infections. He is in Room 2 of Ward 6B at Woden and is understandably a bit down. David has always enjoyed the friendships within the choir and would love visitors - even though communication can be a frustration for all involved.

One thing that may help overcome the communication problem is singing. David would love for small groups to go in and just sing a few songs together - perhaps in the patient lounge of the Ward. If you are interested give Graeme Trompf a call on 0411 090039 or 6231 6911.
