

Gents

Attached are pdf files of both the Concert Flyer and Poster. Both contain the full details of the Saturday Concert.

When printed from the attached pdf file, the poster will provide a moderately high-resolution document for members disseminate to promote the concert. It is for display on appropriate public noticeboards (for example in workplaces, shopping centres, surgeries etc.).

The attached "Hughes Flyer" pdf prints to a lower-definition document which is for members to give to friends and acquaintances who might be interested in the concert.

If you do not have a printer, or if you require multiple copies of either document, they will be available at next Tuesday's practice.

However, if your need is more urgent, the following ARC members will have supplies of the documents by this Friday, so please call the nearest "distributor" and arrange to pick them up.
